What is SpeechMotion?

speechmotion®

SpeechMotion is Service & Solutions

- Cloud-Based Medical Documentation Platform

- User-Friendly, flexible solution designed to streamline and automate the needs of healthcare organizations.

- Accessible to doctors, managers and administers using secure internet transactions – remotely or in the office.

- Easily customize a solution to fit the unique needs of your facility, on time and under budget.

speechmotion®

SpeechMotion is Technology

- Seamlessly integrate with all leading EMR systems, including: GE, Cerner, 3M, McKesson, Epic, NextGen, CPSI and AllScripts.

- No restrictions on the number of SpeechMotion installs, for full flexibility anywhere you need.

- Full and partial dictation for upload of complete documents or only narrative portions.
